Acton Town Hall
472 Main St.
Acton, MA

Dear Mr. Charter

The Acton Historical Society and Iron Work Farm, would like to thank you for opening Town Hall for our past Patriot's Day celebration and would like to request that you open the first floor of the building again for us this year on Monday April 21st 1:00p.m. - 4:00 p.m. Again we would again like to be able to use the Town Hall parking lot for guest parking and a trolley turn around.

This year the Acton Memorial Library will be open for guest to visit their new historical exhibit "Not Afraid To Go". At the Hosmer House we are welcoming the addition of Capt. Joseph Robbins' desk to our collection. Crafted in Concord in the 1790's the desk belonged to Capt. Robbins who played an integral role in Acton's involvement in the Revolutionary War. It's been over 50 years since the desk left Acton. We are very pleased and honor to have such a treasure returned to Acton.

Iron Work Farm is proposing a Civil War theme to feature the date of April 19, 1861, when the Davis Guard of the Massachusetts 6th Regiment met resistance on their way through Baltimore as they answered President Lincoln's call for troops to protect the Capital

Thank you for your continued support of the "Spirit of Acton"

Best Regards,

Linda Greene, Acton Historical Society
Nancy Evans, Iron Work Farm, Inc.

I apologize if I missed your comments, but I don't seem to have them in my file for this requested use sent to you on Feb 8th, I only have Dean's comments

MaryJane, did you by any chance receive these comments from Frank and Bob?

Attached please find a request from the Acton Historical Society and Iron Work Farm to use the ground floor of Town Hall and the Town Hall parking lot on Monday, April 21 (Patriot's Day) as a terminal for the shuttle trolley running down to Hosmer House and Iron Work Farm. I see no problems with this request, and recommend approval.
